FARMERS UNION IN SESSION YESTERDAY

FAVOR BREEDING OF ONE CLASS OF STOCK

PASS RESOLUTIONS

Anderson County Planters Appreciate the Work Being Done By the Government

The Anderson county farmers' union met in the court house yesterday morning, the meeting being called to order by President J. W. Rothrock with secretary J. M. Broyles in the proper chair.

The program as mapped out by the President at this meeting carried a number of very important matters for consideration, but unfortunately for the union there was also a meeting of the county board of assessors arranged for yesterday and this meeting was to take place in the court house. Therefore, the farmers' union was forced to pass over many matters of vital importance, and they will be considered at a later meeting.

In the hour that the union was able to stay in session many things of interest to Anderson county planters were discussed and considered, and the following resolutions were passed:

RESOLVED: That the Farmers' Union of Anderson county endorses the movement of our State and National Farm Demonstrative Workers in getting the farmers of each county or community to agree in breeding one special breed of stock and poultry; as we are sure that such a move is the primary foundation of a successful cooperative work by the farmers. We appreciate the value of increased prices and facilities in marketing one grade of stock, poultry or eggs, over the co-operative, mongrel scrub-breeding idea of each and every farmer by himself, where the market share can have a fair pull on each lot of product that has no uniform grade or value.

We thank the Chamber of Commerce of Anderson, S. C., for their valuable aid in the general cooperative uplift of the farmers' interests of our County.

FARMERS' UNION OF ANDERSON COUNTY

Anderson, March 10.

OUTRAGES COMMITTED

List of Atrocious Crimes in Mexico Since Hostilities Began

Washington, March 10.—The following list of alleged outrages today was submitted by Senator Fall in the Senate:

Mrs. Anderson, daughter and neighbor boy, killed January 22, 1913, Chihuahua; murderers arrested, served six months in jail and released by Mexican soldiers.

John Richardson, little girl, outraged Colonia Juarez. Attempt to publish photographs.

Thomas Fountain, killed after court martial by Salazar at Parral, after warning from Washington. Salazar later arrested this side of the border, charged with smuggling and later released. Row held at Fort Bliss, New Mexico. Salazar killed near Colonia Juarez, August 24, 1912, in defending himself.

Johnny Brooks killed in Chihuahua state in 1913 and killed his assailant, Fortillo.

Matthew Goura and family assaulted near Tampico.

Killing of Rogers Palmer, Englishman, because of failure to open case at Durango, 1913.

Execution of Carlos...

and L. W. Elder, Americans, by explosion of bomb. Foreigners compelled to pay ransom.

John W. Starnes, shot on failure to pay \$500 ransom.

B. Stowe, shot by rebels, nothing done.

J. Griffin, rancher, murdered by bandits near Chilcupa.

John H. Williams, mining engineer, killed by stray bullet, when rebels attacked Nacozari.

Zorilis Darow, consulting engineer, killed in attack on Nuevo Buena Vista. J. C. Wolf, mining engineer, murdered by outlaws in northern Sonora.

Mrs. E. W. Holmes, killed by a shell during bombardment Mexico City.

Frank Ward, shot in back by bandits customs inspector, assassinated near in hills near Yago, Tepic territory, Eagle Pass, Texas.

Pablo Soto, merchant of Naco, Arizona, killed by stray bullet during conflict between Federals and Rebels.

L. Busnell, mounted policeman, killed in Naco, Arizona, by stray bullet fired by rebels.

Frank Howard, killed by outlaws in Crallcoman, state of Michoacan.

Herbert L. Russell, ranch manager, near city of Durango, murdered by rebels.

Robt. Williams, policeman, Phoenix, Ariz., killed by Mexican bandits, when crossed line to attend a celebration of Mexican Independence Day.

Scott Price, bystander, killed when bandits were firing on Williams.

N. Matheson, aged and crippled Mormon, killed while fleeing from Colonia Morelos, Sonora, when bandits were looting the town.

D. X. McKimsa, American, executed near Agua Prieta by rebels, suspected he had given information to Federal troops.

W. P. Wiste, plantation manager at Ochetal, Vera Cruz, killed when refused to pay money demanded by bandits.

H. L. Strauss, formerly correspondent for New York Herald, killed with 24 other non-combatants when Zapatistas held up train near Cuantico, Morelos.

Thomas C. Kane, conductor on a Guaymas railway, shot through head when bandits wrecked train and killed many passengers.

Pehr Cisson Seffer, formerly a professor in the University of California, killed by rebels together with three servants near Cuernavaca.

R. H. Ferguson, San Francisco, troop F, third U. S. Cavalry, killed by bullet fired over the border.

Two unidentified men killed in El Paso by stray bullets fired by Federals and rebels.

Dr. R. C. Clarke, Taylorville, Ill., shot dead in Mexico City by a fullan of Gen. Diaz.

John R. Lockhart, Scotts City, Mo., mining engineer, killed by bandits in Durango.

R. H. Meredith, Troy, Ohio, struck by bullet in a hotel during bombardment of Mexico City.

Mrs. Percy Griffith, legs shot off during bombardment of Mexico City.

E. P. Thomas, murdered by bandits while protecting wife and seven children near Nogales.

Robert Huntington, railroad switchman, shot without cause near Agua Prieta.

J. C. Edwards, native of Virginia, shot to death while accidently within rebel lines near Agua Prieta April 13, 1912.

John Hertling, Douglas, Ariz., a German-American citizen, hanged near Nogales by rebels under Orozco.

CITY FATHERS HELD A TEDIOUS SESSION

CONSUMED FOUR HOURS OF TIME LAST NIGHT

BUT LITTLE DONE

Heard Market Men Row About The Abattoir; Heard Chairman Board of Health

The Anderson city council was in session last night for over four hours and during the entire time little was accomplished, the greater part of the evening being devoted to hearing complaints from R. D. Henderson, who conducts the Anderson slaughter house and other market men. Neither Mr. Henderson nor the market proprietors knew definitely what they wanted but they were very successful in taking up the time of the council. They all spoke, and spoke again and at length.

Porter A. Whaley, appearing for the Civic association of Anderson, made application for permission on the part of the association to be allowed to place the white pipe and the pipes and to lay the same in the sidewalks around the abattoir plot, it being understood that council would furnish the current to burn the lights. Permission was unconditionally granted.

L. N. Cox, representing the Crematory Co., of Wilson, Ga., appeared before council and asked that a committee be appointed to visit Florence and inspect the crematory there with view to purchasing one for Anderson. This will be considered at a later meeting. This contrivance is used for burning garbage.

Citizens appeared and asked for improvements on certain streets, one citizen asked that a sidewalk be put up for a woman, declared by had put up for the recorder, referred to him. A number of other minor matters received attention at length.

Board of Health

Dr. Frank Ashmore, chairman of the Board of Health, asked that a new ordinance be introduced which would call for all livery stables to have their stalls thoroughly cleaned every 24 hours and the refuse in a specially constructed box. Council refuses to take action.

It was voted that all the members of the Board of Health with the exception of the chairman be paid \$5.00 for every regular meeting of that body, and that the secretary be paid \$5.00 in addition to that sum.

Mr. Henderson then took the floor on the abattoir question. He went back to the beginning of the work here and covered it in detail until February 22 last, when someone of the meat coming from the place was condemned on account having been knaved by rats. He said that this could not be prevented.

Bather Plain Talk

In reply to a question put to him as to what was the trouble at the place that there should be so much stiffs, Mr. Henderson said: "There are two troubles with your man over there. One is that he is not competent and the other is that he is not honest." He further said that Dr. Mitchell did not have the backbone to stick to anything, that he would tell one person one thing and then go straightway and tell another person something entirely different.

Dr. Ashmore said that the new Board of Health regulations would require that the inspector be at the slaughter house three days in the week from 7 a. m. to 12, and from 2:30 p. m. to 6. He also said that there would have to be a refrigerating system installed at the abattoir before the coming of summer, whereupon Mr. Henderson announced that he could not personally conduct the place any longer and that he intended closing a trace with some one to dispose of it. It was arranged that a conference would at once be held between Mr. Henderson, the market men of the city and the board of health, at which time it is hoped to get the question adjusted once and for all.

An appropriation made by city council to the Salvation Army, the sum of \$250, was again voted last night.

Various questions of passing interest were considered, one of these being the work of the Mata street bridge and council decided to ask the railroad to put the approaches to the bridge back into shape. Several matters relative to licenses and taxes were discussed and considered, following which an adjournment was held at 12:30 o'clock this (Wednesday) morning.

MR. HENNING TALKS OF RATE CONFERENCE

SAYS THAT MEETING IS THE FIRST STEP

EXPECTS RESULTS

Interesting Interview With Freight Traffic Manager Concerning Greenwood Conference

D. A. Henning, the traffic manager of the chamber of commerce, was in the city yesterday and while here he gave the Intelligencer a very interesting interview of the approaching meeting to be held at Greenwood. Mr. Henning says that he confidently expects results from the coming conference and he believes that the powerful argument to be presented to the railroad commission of South Carolina will prove effective. He said in part:

"The joint meeting of the various commercial bodies and the railroad commission of South Carolina called at Greenwood, March 12th is a move in the right direction.

"The railroad commission was created to primarily adjust freight rates and see that shippers in the state got fair treatment from carriers—and as a large proportion of freight moved is inter-state of course it was the intention of the Act to give the commission power and funds to handle inter as well as intra state complaints.

"In other words, the State Railroad commission should be in position to take up and push to conclusion complaints brought by individuals and commenters of inter-state by conference nor commission satisfied as well as intra state business.

"At this time when rates are being changed in adjoining states, notably in North Carolina some action should certainly be taken by our state commission to see that the interest of the South Carolina shippers are protected.

"The public utterances of the various heads of our transportation companies indicate that carriers are anxious to reach an amicable adjustment of long standing differences in rate matters between them and their patrons in South Carolina, and there is no good reason why these differences on business matters should not be settled in a business way, and if they cannot be settled satisfactorily by conference nor commission should be in position to take them in hand when requested."

Will Be Brought to Laurens

Atlanta, March 10.—C. P. Nix, who has served most of a year's sentence for carrying concealed weapons, has had the reminder of his sentence commuted in order that he may be brought from Laurens county to Atlanta and tried for bigamy. The bigamy indictment was sent after the time he was sentenced to the gang.

Railroad Notes

The Norfolk and Western has practically completed plans for the acquisition of the old Ohio and Erie Canal bed with a view to working agreements with roads north of Chillicothe. The Chesapeake and Ohio has made a bid for 16 miles of the canal bed.

The large improvements contemplated by the Buffalo, Rochester and Pittsburgh include a new automatic block signal equipment on the Buffalo division, new concrete storage warehouse in Rochester and shop enlargement at DeWolf. This means a big outlay.

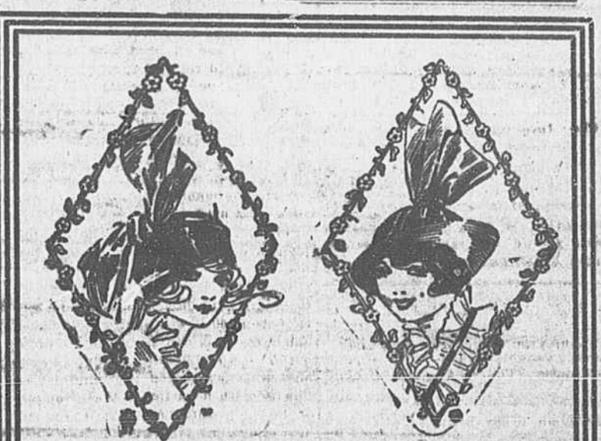

A movement has been started to hold a series of mass meetings in Canada to protest against assisted immigration and to request the government to stop it for at least five years. A trial has just been brought to a close in Illinois which attracted widespread interest because the constitutionality of the women's compensation law was being tested. The law was upheld.

Atlanta, March 3.—Within less than a month, and if possible during the next week there will be a meeting of the state democratic executive committee in Georgia to provide the proper credentials for Col. W. J. West of Valdosta as United States senator to succeed the late Hon. A. E. Hibon and for such other political purposes as may be proper for the occasion.

Gov. Slater will be a candidate for the long term to succeed Senator West.
